

As of 12-04-17

Project Type	Brief Description Color code: Southwest Fresno-Green; Chinatown-Blue; Downtown-Yellow; Leverage Only-White	Update
#12 Low Income Weatherization & Solar PV and Low Carbon Transportation (Leverage Funded) - EOC Partnership for Energy savings and GHG reductions in SW Fresno - Fresno Economic Opportunities Commission	Fresno EOC will partner with SW Fresno entrepreneurs to install weatherization, solar, and other energy-saving measures on the homes SW Fresno residents, some residents will also be awarded rebates to acquire EV's. Combined, these initiatives will result in major savings, reduced GHG emissions, and vastly improved health.	Added Project #14 scope and budget and will serve as Project Lead.
# 13 Low Income Weatherization - GRID Alternatives Solar Renewable Energy Project - GRID Alternatives Central Valley	The Solar Renewable Energy Project will install up to 391 kilowatts of single family and multifamily solar throughout TCC's targeted area. Beneficiaries are low-income families falling between 80% AMI, this will reduce greenhouse gases, saves families money in energy costs over 20 years, and trains individuals for jobs in solar. It also improves air quality and provides direct economic benefit for West Fresno families.	No change
#14 Low Income Weatherization - Weatherize 100 home and Install Solar Panels on 35 homes in Southwest Fresno	We will weatherize 100 homes and install solar panels on 35 homes within the 93706 zip code.	This project has merged with Project #12 with Fresno EOC as project lead.

As of 12-04-17

<p>#15 Active Transportation Program &amp; Urban and Community Forestry Program - SW Fresno Green Trails &amp; Cycle Paths Initiative - City of Fresno, USGBC-CC, VOICE</p>	<p>The SW Fresno Green Trails initiative proposes Class I and Class IV bike trails and cycle tracks interconnecting TCC projects, schools, parks and public transportation in Southwest Fresno.. A bicycle education program will increase usage and safety of the trail system. Workforce development for climate appropriate landscaping and maintenance that prepares community residents for careers and community service is included in the proposal.</p>	<p>Identified Fanning Ditch Trail as Class I trail to be completed – modified TCC ask accordingly.</p>
<p>#21 Low Carbon Transport - Clean Energy Park &amp; Play – Solar-Powered Charging Stations &amp; Van Pool - Bethel Temple, Early Readers Preschool (ERP)</p>	<p>The Clean Energy Park &amp; Play Area will provide access to free solar powered vehicle charging stations for low income neighbors promoting the purchase and use of low to zero emission electric vehicles. It will also reduce greenhouse gas emissions by utilizing 3 electric vehicles to provide low-to-no cost transportation for West Fresno residents and the preschool's children while creating employment training opportunities.</p>	<p>Merged with project #19 with Fresno Metro Black Chamber of Commerce as Project Lead.</p>
<p>#22 Active Transportation - Annadale Mode Shift Project- Self-Help Enterprises</p>	<p>The project includes activities to promote a shift from motorized transit to walking, biking and public transportation. The project includes 2,640 ft. of sidewalk/bike lanes from S. Elm to M.L.K. Jr. on north side of Annadale. The goal is to develop a complete streets where residents can safely bike to/from the clinic, affordable housing, the school and the community center.</p>	<p>Scope Change - Removed transit passes as they are not funded via the Active Transportation Program.</p>
<p>#29 Urban Greening - Clean Energy Park &amp; Play Urban Greening &amp; Playground - Early Readers Preschool, Bethel Temple</p>	<p>The urban green space will provide one of the few publicly-accessible toddler parks in West Fresno. This 3600 square foot park is designed for young children and to have a zero greenhouse emission impact through green &amp; tree-landscaped, solar-power lighting and electricity use, and energy-efficient restroom in a safe, gated environment. This park will have operating hours of Monday – Friday from 7:00am - 10:30am, 11:30am - 2:30pm, 3:30pm - 6:00pm and Saturday – Sunday from 7:00am - 7:00pm</p>	<p>Identified operating hours.</p>

As of 12-04-17

<p>#30 Urban &amp; Community Forestry - Changing Lives with Trees in SW Fresno- Tree Fresno</p>	<p>This project will plant trees, create an arboriculture career for residents, and engage a cohort of students in a “Living in Nature” program.</p>	<p>Reduction of total budget Reduction of scope</p>
<p>#31 Urban &amp; Community Forestry - Yosemite Village Permaculture Community Garden and Urban Farm Incubator - Fresno Metro Ministry</p>	<p>Fresno Metro Ministry is partnering with the Fresno Housing Authority to develop a resident-led community garden and urban green space in Southwest Fresno behind the 69-unit Yosemite Village housing complex. The 7-acre site will incorporate organic and permaculture techniques including non-mechanical, no-till, no-spray methods that promote carbon sequestration and water conservation. Garden activities will be integrated with nutrition/cooking skills classes and job training/entrepreneurship opportunities.</p>	<p>No Change.</p>
<p>#32 Urban Greening - Park @ MLK Magnet Core - City of Fresno</p>	<p>A new community park located in a future activity hub at MLK Blvd, Jensen, Church and Walnut which includes future plans for a college campus, large scale retail, and housing. Parks help build healthy, stable communities, and support increased exercise and healthier lifestyles. Additionally, parks reduce greenhouse gas emissions, and mitigate air pollution and increased temperatures. Overall, the new park located in this magnet core will attract a significant amount of new development.</p>	<p>Title Change only.</p>
<p>#33 Urban &amp; Community Forestry – Another Level Training Academy Community Garden - Another Level Training Academy</p>	<p>This project will be approached from an interactive and hands-on perspective. Community preferences for produce to be grown will be surveyed among those living in nearby neighborhoods. The 30-month project will begin with four months planning, followed by 26 months of growing. Fresno EOC and Another Level Training Academy will share responsibilities for promotion, surveying, construction of produce beds, and nutrition/recipe events.</p>	<p>Fresno EOC will be project lead.</p>

As of 12-04-17

<p>#34 Water-Energy, Urban Greening, Urban and Community Forestry, Food Waste Prevention and Rescue Programs – Grocery Store, Distribution Center &amp; Community Orchard</p>	<p>The Community Food Hub will include 2 acres of land with 25,000 sf building. It will house a distribution center to support expansion of Ooooby and Wholesale operations currently at 202 Van Ness Ave. It will include packing line, dry/cold storage, and freezers all focused on local &amp; organic products. The front end is retail grocery store, kitchen, offices and public meeting/education spaces. The distribution space will support the retail store and kitchen. Other public space will include: meeting spaces and a demonstration kitchen for educational purposes. Drought tolerant landscaping and a Community Orchard will cover the site.</p>	<p>No change.</p>
<p>#35 Urban Greening-Fresno City College - West Fresno Satellite</p>	<p>Fresno City College will develop a satellite campus in West Fresno, providing residents with workforce training and educational pathways leading to high-demand, high-quality jobs. The site will offer technical certificates and degree programs leading to traditional and “green economy” employment outcomes and increased community health benefits.</p>	<p>No Change.</p>
<p>#36 Workforce - West Fresno Advanced Transportation Technology Program - O.L.R Wizards 501c3</p>	<p>The West Fresno Advanced Transportation Technology Project is a pilot program that introduces and supports the operations and maintenance of advanced clean transportation technologies to help promote healthier environments, energy independence, economic development, and assist the growth of the San Joaquin Valley workforce.</p>	<p>Change in scope to driver training program for low emission vehicles, identified OLR Wizards as Project Lead.</p>
<p>#37 Workforce - VOICE Gladiator Program – West Fresno Family Resource Center</p>	<p>The Gladiator Program creates opportunities for the underserved, underemployed, woman, veterans, ex offender populations as well as adult learners seeking a career change or advance to succeed in pre-apprenticeship programs, apprenticeship programs, community college or other adult career technical education programs, and direct job placement. Participants will benefit from the Gladiator Program’s four (4) elements: 1) Basic Construction Training, 2) Mentorship, 3) Case Management and 4) Union Trades.</p>	<p>Identified new project lead – West Fresno Family Resource Center, former project Lead was VOICEs</p>
<p>#2 Affordable Housing &amp; Sustainable Communities – Chinatown Mixed-Use Project @ HSR West Entrance – Fresno Housing Authority</p>	<p>The proposed Chinatown project will be a high density, 4-story mixed-use development with 4,700 s.f. of ground floor retail space. The Chinatown project will have (56) affordable workforce housing units, and (1) manager’s unit. The site consists of 0.60 acres of vacant land at 1101 F Street, Fresno, CA 93706 and is within one block of the proposed High Speed Rail Station.</p>	<p>Will incorporate components of ChAT and Chug – does not result in change of funds or project components.</p>

As of 12-04-17

<p>#16 Active Transportation - Chinatown Active Transportation Project – City of Fresno</p>	<p>The Chinatown Active Transportation project will install improvements to paved pedestrian facilities, encouraging greater active transportation throughout the area. Lighting improvements will also be installed. The proposed improvements are located on F from Fresno to Ventura, Kern from G to E, and Mariposa from E to G.</p>	<p>Components will shift over to the Housing Authority project #2 – funds and components remain the same.</p>
<p>#27 Urban Greening - Chinatown Urban Greening Project – City of Fresno</p>	<p>The Chinatown Urban Greening Project will install street trees approximately every 30' on F Street, Kern Street and Mariposa. The project also proposes to install parklets on F Street from Fresno to Ventura and reconstruct China Alley from Tulare to Ventura as a green permeable alley.</p>	<p>City of Fresno Components will shift over to the Housing Authority project #2 – funds and components remain the same.</p>
<p>#4 Affordable Housing &amp; Sustainable Communities – The Park at South Fulton - Noyan Frazier Capital LP</p>	<p>The Park provides 52 units of moderate and 11 units of low-income housing in a core redevelopment area in the City of Fresno; slated Grand Opening for fall 2019. The Park is located at the NWC of Fulton Street and Inyo Street Directly East of Grizzly Stadium Street and Transit improvements currently under construction and development include High Speed rail and Bus Rapid transit all within walking distance of the subject project.</p>	<p>Change of scope to include SGC required items – no change to TCC ask.</p>
<p>#17 Active Transportation - High Speed Rail Station Area Complete Streets Connectivity Project - City of Fresno</p>	<p>This project would reconnect Broadway and Merced as complete streets, increasing multimodal connectivity to the High Speed Rail Station Area. Complete streets reconnections would occur on: Broadway between Mariposa and Tuolumne, Merced Street from H Street to Congo Alley, and H Street approximately 275' East of Merced Street in Downtown Fresno. Proposed improvements include sidewalk, lighting, landscaping and equipment upgrades to support multimodal travel.</p>	<p>No change.</p>
<p>#19 Low Carbon and Active Transportation Program - Clean Shared Mobility Network - Fresno Metro Black Chamber of Commerce</p>	<p>The project is a network of shared electric cars and bicycles, and associated electric charging infrastructure, distributed throughout the project area. The second component of the project will leverage the build-out of an integrated mobility hub called the Transportation Innovation Center (TIC). The Transportation Innovation Center will host ATP events for outreach and marketing Active Transportation as well as other integrated forms of mobility.</p>	<p>Incorporate the scope and budget of Project #21 and will serve as the Project Lead.</p>

As of 12-04-17

#28 Urban Greening - Mariposa Plaza - City of Fresno	The Mariposa Plaza Activation project refreshes a significant downtown plaza and enhances its connection to the future High Speed Rail station. It maintains its historic use as an outdoor place for public speaking and community events. It adds to these functions by improving the infrastructure for those events and rearranging the relationship between the historic stage and the open audience area. The plaza is in the process of selecting and installing public artwork which will be further complemented by TCC funded enhanced urban greening features.	No Change.
#11 Chinatown PBID – City of Fresno – Leverage Only	The project is to pursue a Property and Business Improvement District, a Business Improvement District and/or other types of assessment district for long-term, sustainable funding of day to day revitalization, maintenance and improvements.	No Change.
#23 TCC Connector Project - City of Fresno – Leverage Only	Increase of FAX service in order to provide connectivity within the TCC plan area.	No Change.
#24 SW Fresno Offsite Improvements- City of Fresno – Leverage Only	This is project will install new curb, gutter, drainage, sidewalks, and other offsite infrastructure to compliment development in Southwest Fresno.	No Change.
